THE RUTLAND SAVINGS BANK,

Corner Merchants Row and Center Street.

(ORGANIZED IN 1851.)

DEPOSITS,	- - - - -	\$1,700,000.
SURPLUS,	- - - - -	75,000.

Is receiving deposits on all business days in all sums from one dollar to fifteen hundred dollars.

Interest will be allowed on all deposits from the first day of each month, and deposits made up to and including the fifth day of any month will draw interest from the first day of that month, if allowed to remain on deposit until the following January or July, when the semi-annual interest is payable.

If the interest is not drawn out it becomes a part of the principal and draws interest, the same as any other deposit made on the first day of January or July.

Deposits can be made by draft, post-office order or by express, and deposit books returned to the depositors.

Taxes on all deposits not exceeding fifteen hundred dollars are paid by the bank.

Tapley Letter Files ARE THE BEST—more used in Rutland County
than any other.
THE TUTTLE CO., AGTS., RUTLAND, VT.

M. QUINN & SONS, Proprietors.

First class in all respects. Elegantly furnished. Rooms heated by steam and well ventilated. Lighted by electricity throughout. Bath Rooms and Billiard Parlors, and, in fact, complete in all its appointments. Admirably adapted to the comfort of families and transients, who will find it a home-like resort at all seasons of the year. The location is most desirable, being in the business section of the town, and directly opposite the Union Depot. Especially adapted for Commercial Travelers on account of its well lighted and commodious Sample Rooms. A first class Livery is connected with the House. All Street Cars pass the Hotel.

M. QUINN,

Chapman's Improved Upright Steam Boiler Removable Extension Dome

EXTERIOR VIEW.

THE

Removable Extension Dome

Increases the heating surface, increases the power of the boiler, prevents the top flues from leaking and the top flue sheet from cracking. It also

Strengthens the Boiler, saves the Fuel and Repair bills, and will feed the boiler with

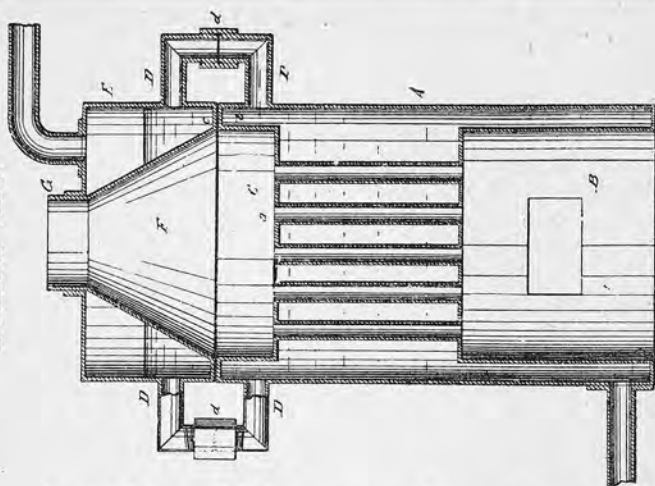

HOT WATER

without any extra fuel.

The Boiler can work while the Dome is being made.

For further particulars address the inventor and patentee,

Webster's Unabridged Dictionary.

Recommended by the State Superintendents of Schools in 36 States, and by leading College Presidents of the United States and Canada.

Your Attention is invited to the fact that in purchasing the latest issue of this work, you get

A DICTIONARY

containing 3,000 more words and nearly 2,000 more illustrations than any other American Dictionary.

A GAZETTEER OF THE WORLD

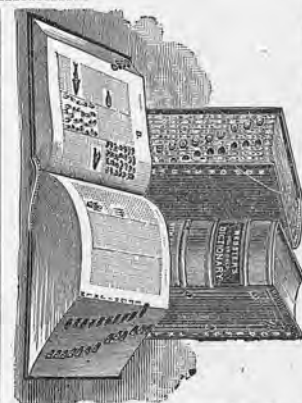

containing over 25,000 titles, with their pronunciation and a vast amount of other information (recently added), and

A BIOGRAPHICAL DICTIONARY

giving pronunciation of names and brief facts concerning nearly 10,000 Noted Persons, also various tables giving valuable information.

ALL IN ONE BOOK.

In various Styles of Binding, with and without Patent Index.

The best practical English Dictionary extant.—Quarterly Review, London.

"An invaluable companion in every School and at every Fireside."

Webster is Standard Authority in the Government Printing Office, and with the U. S. Supreme Court. It has been selected in every case where State Purchases have been made for Schools. Nearly all the school books used are based on Webster. Get the best. Published by G. & C. MERIAM & CO., Springfield, Mass., U. S. A.

SCIENCE OF A NEW LIFE.

The "SCIENCE OF A NEW LIFE," written by JOHN COWAN, M. D., is worth its weight in gold to every thoughtful Man and Woman, and has received the highest testimonials and commendations from leading medical and religious critics; has been heartily endorsed by all the leading philanthropists, and recommended to every well wisher of the human race.

TO ALL WHO ARE MARRIED

Or are contemplating marriage, it will give information worth HUNDREDS OF DOLLARS, besides conferring a lasting benefit not only upon them but upon their children. Every thinking man and woman should study this work. Any person desiring to know more about the book before purchasing it may send to us for our 16-page descriptive circular, giving full and complete table of contents. It will be sent free by mail to any address. The following is the table of contents: Chapter I.—Marriage and its Advantages. Chapter II.—Age at which to Marry. Chapter III.—The Law of Choice. Chapter IV.—Love Analyzed. Chapter V.—Qualities the Man should Avoid in Choosing. Chapter VI.—Qualities the Woman should Avoid in Choosing. Chapter VII.—The Anatomy and Physiology of Generation in Man. Chapter VIII.—The Anatomy and Physiology of Generation in Woman. Chapter IX.—Amativeness—Its Use and Abuse. Chapter X.—The Prevention of Conception. Chapter XI.—The Law of Continence. Chapter XII.—Children—Their Desirability. Chapter XIII.—The Law of Genius. Chapter XIV.—The Conception of a New Life. Chapter XV.—The Physiology of Inter-Uterine Growth. Chapter XVI.—Period of Gestative Influence. Chapter XVII.—Pregnancy—its Signs and Duration. Chapter XVIII.—Disorders of Pregnancy. Chapter XIX.—Confinement. Chapter XX.—Management of Mother and Child After Delivery. Chapter XXI.—Period of Nursing Influence. Chapter XXII.—Fœticide. Chapter XXIII.—Diseases Peculiar to Women. Chapter XXIV.—Diseases Peculiar to Men. Chapter XXV.—Masturbation. Chapter XXVI.—Sterility and Impotence. Chapter XXVII.—Subjects of which More might be Said. Chapter XXVIII.—A Happy Married Life—How Secured.

The book is a handsome 8vo, and contains over 400 Pages, with more than 100 Illustrations, and is sold at the following prices: English cloth, beveled boards, gilt side and back, \$3; Leather, sprinkled edges, \$3.50; Half Turkey Morocco, marbled edges, gilt back, \$4.

Sent by mail, securely sealed, to any address, on receipt of price. Send money by P. O. money order or registered letter at our risk. AGENTS WANTED, to whom we offer liberal terms. Send all orders and applications for an Agency to J. S. OGILVIE & CO., Publishers, 31 Rose St., New York. P. O. Box 2767.

OFFICE STATIONERY. Everything needed by Merchants, Bankers or Professional Men. **THE TUTTLE CO.**

Every baby, big enough to have an eye for a baby picture or ear for a baby story or even a jingle, wants *Babyland*. Babies are all alike in that respect; and mothers too. *Babyland* helps the mother as much as it tickles the baby. 50 cents a year,

Our Little Men and Women next. \$1.00 a year.

The Pansy next. \$1.00 a year.

Chautauqua Young Folks' Journal next. \$1.00 a year.

Wide Awake, also. \$2.40 a year.

Sample copy of any one will be sent for five cents; of all for fifteen.

They are all alike in this: They are full of what is best for the age they are made for respectively—pictures and print.

They have their differences. The second and third are not very far apart as to age. The fourth is a part of fifth.

There is nothing like them in print in this or any other country—nothing so pleasing and useful, both.

They amount to a children's library.

Address *D. LOTHROP COMPANY, Boston*,

CLAIMS AGAINST THE UNITED STATES

For Pension, Increase of Pension, Back Pay, Bounty, Correction of Muster, Commutation of Rations, Extra duty pay and all other claims will be prosecuted by the undersigned. The fee for services is prescribed by the Government, and any attorney charging in excess of fees established by law for services, is liable to fine and imprisonment.

If you want an attorney to prosecute your claim, select a man near home, one whom you can meet and talk with understandingly. You might as well have an attorney 5,000 miles away as to have him 500 miles away.

Correspondence solicited and promptly attended to.

KOCH SONS & CO., NEW YORK.

"THE READY FOTOGRAFER,"

A PHOTOGRAPH CAMERA FOR 25 CENTS.

The simple, yet perfect little instrument to which we have given the name of

→ "READY FOTOGRAFER," ←

because of its readiness at all times and places, without any preparation whatever, to take a photograph of any and everything, is, in itself, a perfect camera with gelatine dry plate inclosed, and in all its essential parts resembles the ordinary costly camera.

The Automatic Mucilage Pencil,

→ FILLED, READY FOR USE. ←

THE AUTOMATIC MUCILAGE PENCIL is designed to overcome the more common evils attending the use of mucilage and to combine in one article a practicable fountain and brush of convenient size and simple construction. It consists of a tube for holding the gum; a sponge at one end for applying it; a rubber bulb at the other end, which serves both to confine the mucilage and force it through the sponge; and finally a cap to protect the mucilage from the air. The pencil is filled after removing the rubber bulb, by pouring the mucilage slowly into it from a bottle. Work the sponge a little on a piece of paper, to get it thoroughly saturated. Whenever more mucilage is wanted than the sponge contains, compress the bulb until a sufficient quantity is forced out. But never compress the bulb except to obtain mucilage, which will flow at every compression, till the last drop is used. Always keep the metal cap on when not using the Pencil. Price, 25 cents each.

Burrell & Whitman's BRADLEY PATENT BUTTER BOXES

FIG. I.

G. W. BRADLEY'S PATENTS.

FIG. II.

It was the object of the inventor of these articles to furnish dairymen with an article for marketing their butter at once pure, elegant, attractive and cheap.

Spruce is the only wood used; these boxes are furnished either in native wood or coated with pure, colorless, tasteless and odorless Paraffine Wax, which entirely prevents any taint reaching the butter from the outside, as well as preventing the butter coming in contact with the wood at all, or any sign of greasiness showing upon the outside of the package.

Round Boxes with Close Covers, in Crates.

		Native Wood.	Paraffined.
Half pound,	60 Boxes and Crate.	\$1 50	\$2 10
One pound,	48 "	1 40	1 85
Two pound,	24 "	85	1 15
Three pound,	16 "	80	1 10
Five pound,	12 "	75	1 00
Ten pound,	6 "	75	95

CEILING DECORATIONS A SPECIALTY.

IN PAPER, LINCRUSTA WALTON AND OTHER DESIGNS.
 THE TUTTLE CO.

Rutland Directory 1887-1888

SOLD BY LEADING DRUGGISTS AND STATIONERS.

Perforated PAPER

THE STANDARD

AP. W. PAPER CO.
ALBANY, N. Y.

ATTESTED
—BY—
General Use Throughout
the World.

CONVENIENCE
Without Litter or Waste.

COMMENDED
Alike by Guests and Pro-
prietors.

ADOPTED
By the Interior and Treasury De-
partments of the United States.
The Principal Railway and Steam-
ship Lines and Hotels in this
country and Europe.
Parlor and Sleeping Car Companies,
Schools, Factories, and Large
Consumers everywhere.

PERFORATED
WRAPPING, TOILET, WAXED, ANTI-RUST & CARBOLATED PAPERS.

WHY!

Because it is a *finished article when sold*, ready for use without the aid of
 any *machinery* with its *annoyance* and *frequent injury* to the operator.
Perforated Paper has never yet failed to please the purchaser, and main-
 tain the lead over all other Toilet Paper as the most Convenient, Economical
 and thoroughly Satisfactory.

Correspondence with the Trade and Hotel Proprietors solicited. We
 recognize the right of large consumers to Trade Prices, and to those desiring
 Fixtures we offer special inducements, whether for trial or for refurnishing
 their houses. *Address, for further information,*

Hook & Ladder Company will answer all calls.

Rutland Directory 1887-1888

GENERAL ALARM.

The general alarm will be ten blows given on the Bell in quick succession, followed by repeating the Box Call. The same to be given by the Whistle. When this alarm is given, the WHOLE DEPARTMENT will respond.

RELEASE SIGNAL.

After an alarm, three blows on the Bell followed by three blasts of the Whistle, will indicate that the fire is out or under control, and no more assistance will be needed.

When an alarm is given all members of the different companies will go to their houses the same as if their box was called, and there wait until the release signal is given.

THE TUTTLE CO.

Rutland, Vermont,

ITS ATTRACTIONS AND RESOURCES.

ISSUED BY THE

Business Men's Association.

At a meeting of nearly one hundred and fifty of our leading business men, held March 10th, 1887, a "Business Men's Association" was organized permanently for the purpose of increasing our business interests and especially to encourage manufacturing interests to locate in Rutland. Are you a manufacturer; if so, are you inclined to change your present location for one more desirable? If not a manufacturer, have you any idea of engaging in any manufacturing enterprise? If so you are the party we desire to communicate with. We earnestly request you to carefully read this circular, as it may contain information that will be mutually advantageous to you and our organization. Rutland is situated in the finest and richest valley in Vermont, at the confluence of the East and Otter creeks. We are surrounded by mountains thousands of feet in altitude which effectually break off all possibility of cyclones or tornadoes and insure us against destructive conflagrations, which all Western towns are subject to. Our climate is delightful. The health of our city is exceptionally good, our death rate very low and epidemics are unknown. We are but a few miles from the noted summer resorts, "Clarendon Springs," "Middletown Springs," "Sudbury," "Lake Bomoseen," and "Killington Peak." The drives in either direction are charming, winding around our hills and presenting new attractions at every turn. Our mountain streams furnish us through our perfect system of water works with the purest of cold water, and our water supply is unlimited, enabling us to drown out all destructive fires. The uniform pressure of about 75 lbs. to the square inch on our water mains enables water motors to be used to a large extent through the town for small manufacturing purposes. We can throw twenty powerful streams at once on our highest buildings. We have the best equipped fire department in Vermont. We are a live, go-ahead city, the county seat of Rutland county, the

richest in mineral and agricultural wealth and in all other respects in the State. We have had no Western boom, creating fictitious values, but we are having a steady, strong and healthy growth. Our real estate is steadily advancing in value and our population is rapidly increasing. We have every reason to believe that Rutland is destined to become a large and important city. We are the center of the marble industry of this country—the Marble City of the United States. We are having new manufacturing enterprises locating here every year, and all of our manufacturing interests are booming and increasing in volume. The Howe Scale Works since coming to Rutland have greatly increased their business and now employ nearly four hundred men. Two large shirt factories have recently located here and are increasing their business every day and are now employing between five and six hundred hands. Our marble interests are wonderfully prosperous. The Vermont Marble Co., Ripley Sons, The Columbian Marble Co., and the Bardillo M'g Co., which has just located here, as well as many smaller companies, are doing an immense business, employing thousands of hands and sending out traveling salesmen all over the country to distribute their wares. The Steam Stone Cutter Company, Lincoln Iron Works, C. P. Harris Manufacturing Company, The Tuttle Company, Gay, Kimball & Gay., Tim, Wallerstein & Co., E. D. Keyes & Co., H. A. Sawyer & Co., Higgins, Greene & Hyde, Gould & Burditt, A. F. Davis, A. C. Bates & Son, and all of our manufacturing industries and jobbers report they are doing more business than ever. Why are they so prosperous? Because we are located right to have manufacturing and wholesaling pay. We have running into Rutland five lines of railroad, (the largest railroad center in the state) and goods can be shipped direct to New York, Boston, Montreal and the West. We are surrounded by vast quantities of the finest class of lumber, which can be utilized for nearly all manufacturing purposes at low prices. We are but twenty-five miles from the New York State canals, enabling us to secure our coal supplies at low prices as well as enabling us to ship all heavy freights at lowest rates. We have five national banks, two trust companies and two savings banks, representing more banking capital than *any other city in this country of like population*, which is an advantage to manufacturers, as our monied institutions stand ready to back up by loans all worthy and laudable manufacturing enterprises. All new manufacturers locating in Rutland are exempt from taxation by a vote of the town for five years. Our organization is alive to the best interests of our place. We are determined to make it grow, and any manufacturer will find it advantageous to correspond with us if he has any idea of locating in a new and desirable field. We have recently established a market day (Tuesdays). We are agitating the matter of building a canal to Whitehall and connecting there with the New York State canals. The Tidewater railroad to the same place has been incorporated by the legislature

of the state. The C. & P. railroad is now being built through Rutland, and it is only a question of a short time before the Rutland & Woodstock railroad will be built. Our wholesale business is steadily increasing in importance, as Rutland is the best distributing point in Vermont. Rutland sends out hundreds of traveling men all over our country, representing our manufacturers, jobbers and marble interests. This is an advantage to small manufacturers, as these salesmen would for a small per cent carry lines of goods turned out by such manufacturers, thereby opening up a field for disposing of their goods at slight expense. The new interstate commerce law affects Rutland to her advantage, as it has reduced rates about twenty per cent to New York and Boston. We firmly believe we afford the best opportunities for manufacturers here of any place in New England. We know nothing here of strikes. The employers and employes are in sympathy with each other, which is mutually beneficial. We have here every element which goes to make up a good, healthy, growing and prosperous city. We have the best of school privileges, Masonic, Odd Fellows and Y. M. C. A. organizations, churches of all denominations, a large free public library, three of the largest and best hotels in the State, (Bardwell, Bates and Berwick,) besides several others that entertain on a less pretentious scale, and an Opera House that is perfect in its attractions, an honor to the city. We have two daily newspapers, telephone and district messenger service, a new horse railroad connecting us with Center and West Rutland, and a belt line encircling our city, and two competing telegraph companies. We have gas and the finest electric light plant in Vermont, and free post-office delivery service. We have the Gamewell fire alarm system, a city improvement society, and many other organizations for the general good. We have nearly completed *Memorial Hall* in memory of and dedicated to our dead soldiers, erected at a cost of \$50,000 and paid for already; a cheerful offering to our fallen heroes. We propose to offer every inducement within our power to manufacturers to locate here, and earnestly invite correspondence. All letters addressed to our corresponding secretary, Mr. J. J. R. Randall, or any one of the business men on the several committees will receive our careful attention.

A map of Rutland, showing the streets and principal public buildings, hotels, etc., is now published and will be sent on application. If you will personally visit our Marble city we shall be glad to meet you at any hotel here and show you some attention. We have a committee for that purpose.

We remain,

Yours to command,

HATTIE K. FARNAM, Poultney,

Primary Work.

THIS NORMAL SCHOOL was established in February, 1867, in pursuance of an act of the General Assembly of the State of Vermont. It has been steadily gaining in the number of its pupils, in the character and standing of its graduates, and in public confidence. In August, 1881, it took a new departure. The Principal, by the purchase of the property of the "Corporation of Rutland County Grammar School," relieved the school of financial embarrassment, while the general supervision was left with the corporation and the State Superintendent of Education.

TWO COURSES OF STUDY are adopted, as required by law. The First Course embraces two years, or four terms of twenty weeks each, and comprises the following studies:

FIRST YEAR.—Elementary Geometry; Arithmetic, including Forms, Decimals, Percentage and its Applications, Accounts (Bookkeeping), Powers and Roots; Free-Hand Drawing, Orthographic; Geography, Mathematical, Descriptive and Political; Natural Sciences, embracing the elements of Mineralogy and Botany; Grammar, including Paraphrasing, Analysis and Composition; Reading, including Phonetic Spelling, Word Analysis, Accent, Emphasis and Expression; Penmanship.

An examination by the State Board of Examiners completes the work of this year.

SECOND YEAR.—Arithmetic, Mensuration; Drawing, Perspective; Physiology; Geography, Descriptive, Political and Physical; History, Vermont and United States; Constitutions, Vermont and United States; Language, embracing Reading and Grammatical Analysis; Methods, Theory and Practice, History of Education, Economy of the School Room.

Examination by the State Board of Examiners in the work of this year only.

RHETORICAL EXERCISES weekly. Calisthenics, or Light School Gymnastics, twice each week in connection with Reading.

THE SECOND COURSE OF STUDY embraces one year and a half, or three terms of twenty weeks each. The studies are:

Plane and Solid Geometry, Algebra, Physics, Chemistry, Outlines of General History, Rhetoric, Analysis of Authors, English Literature, Psychology, Moral Philosophy, True Order of Studies, Astronomy, Geology, Zoology and Pedagogy.

To receive the State License, candidates must have completed a State Normal School for at least one school year and be seventeen years of age. In special cases the course may be completed at an earlier age, the license to teach being withheld until the graduate becomes seventeen.

Those who have taken an academical course at other schools, teachers of considerable experience, and other persons of sufficient maturity in years and judgment, should be able to complete the First Course in one year. Such persons as are able to pass the required examinations will be permitted to graduate in both courses of study in successive terms of the same year. It is especially desired that candidates for graduation shall have some experience in teaching, though this is not required.

Graduates from the First Course receive a State License to teach in any public school of the State for a term of five years; those from the Second Course receive a License for ten years.

A **PREPARATORY DEPARTMENT** is maintained for the instruction of those not prepared by age and attainments to enter upon the First Course. It comprises two grades.

A **Model School**, in which the aim will be to illustrate the best methods of Primary Instruction, is also maintained.

The instruction in each course will be largely by topics. In each recitation the clearest methods of instruction and explanation will be sought. The aim of the School is, first, to secure a knowledge of the subject; then to instruct in the best methods of imparting that knowledge to others.

State Scholarships are granted, on the recommendation of Town Superintendents, to persons complying with the law governing them. This School is entitled to eighty-one. Appointments may be made from any town in the State. Scholarships are granted only for full terms of twenty weeks.

Tuition.—Six dollars per quarter of ten weeks, payable on or before the fifth week.

BOARD.—Three dollars and a half per week, including oil for lamp, fuel, and washing of ten pieces, excluding garments required to be sent to the laundry. Boarders will furnish their own towels and articles for the toilet, napkins and bedding, save mattresses. Four dollars per week are charged to those rooming alone. Rooms for self-boarders are furnished at reasonable rates. The School has ample accommodations for one hundred boarders and over two hundred pupils.

The Fall Term of twenty weeks begins on the third Tuesday in August; the Spring Term on the third Tuesday in February.

For further information, address the Principal, or
